

VENUS*IGP Salento Rosato*

Venus is the Latin name for the planet: the logo on the label represents its trajectory around Earth. But Venus is also the Roman goddess of love, beauty and pleasure, referring to the joyful mood to which we usually associate a rosé wine from Salento.

Grape varieties: Negroamaro and other recommended grapes.

Vineyard: Lisetta, 1,50 ha – Veglie (LE).

Soil type: calcareous-sandy.

Growing system: Guyot.

Density: 5.700 plants per ha.

Production process: manual harvesting and further selection of the grapes on a sorting table. Stems removal and soft pressing. Maceration for 12 hours, draining and fermentation of the “run juice” in stainless steel tanks at controlled temperature. Maturation in cement tanks.
